SUMMARY

Enthusiastic and dedicated Junior Frontend Developer with a passion for creating exceptional user experiences. Proficient in HTML, CSS, and JavaScript, I am eager to contribute my skills and collaborate with a team of experienced developers. With a strong attention to detail, problem solving abilities, and a commitment to continuous learning, I am poised to make a positive impact in the field of frontend development.

SKILLS

HTML | CSS | JavaScript | React-JS |Next-JS | TypeScript | Sass | Bootstrap | Tailwind | Redux | Redux-Toolkit | Git/GitHub

---

PROJECTS

PORTFOLIO WEBSITE :
- Developed a personal portfolio website using React-JS
- Implemented responsive design for optimal viewing across devices

E-commerce :
- Built from scratch, this project showcases my skills in front-end.
- Leveraging React.js and Redux Toolkit for state management.
- I crafted an intuitive user interface for seamless shopping experiences.
- To ensure a polished look and feel, I utilized Bootstrap for responsive design and a clean UI.
- And You can save cart products and also the site's colors and night mode in Local Storage.

Weather App :
- Develop a web application that displays current weather conditions, forecasts, and other related information.

TO-DO LIST [DRAG & DROP] :

- Implemented features such as task creation, deletion, and editing.
- You Can Drag and Drop The Task in To-Do, Inprogress and Done List.
- Use beautiful-react-dnd library.
